This Year’s Focus

**Social Assistance Review**

Our guest speakers, Dana Milne and Christine Watts, are both members of the ODSP Action Coalition. Dana, a provincial organizer with the Income Security Advocacy Centre (ISAC), will provide an outline of the Social Assistance Review to date. She will also discuss five key topics expected to be addressed in the Commission for Social Assistance Review’s discussion paper to be released in December 2011. Christine, who is a local activist, will give the perspective of a person in receipt of Ontario Disability Support Program Benefits on what changes would benefit ODSP recipients, while maintaining a person’s dignity.

Join us to provide local input about what changes should be made to Social Assistance laws, rules and policies.

Light refreshments will be served.
